SURYA RAM KUMAR

SaaS Service Delivery Manager & AI Automation

Bengaluru, India | +91 95382 66771 | suryark@live.com | suryark88.github.io

PROFESSIONAL SUMMARY

SaaS Delivery Manager and AI automation practitioner with 13+ years of IT experience spanning customer success, enterprise operations, ITSM and AI-enabled workflows. Lead service governance, escalations, patching oversight and retention initiatives across 40+ customer accounts. Designed the SDM Intelligence Agent (SDIS), an account-aware AI solution that consolidates audit records, escalation history, customer risks and recommended actions. Experienced with Copilot Studio, Power Automate, Office Scripts, SharePoint and structured agent workflows.

CORE EXPERTISE

Service Delivery: SLA/KPI governance, ITIL/ITSM, customer success, escalations, retention, onboarding, stakeholder communication.

AI & Automation: Agent workflows, MCP, Copilot Studio, prompt engineering, Power Automate, Office Scripts, SharePoint integration.

Platforms & Analytics: Datto RMM, Autotask PSA, ServiceNow, Snowflake, Power BI, Azure AD, SailPoint, Salesforce.

PROFESSIONAL EXPERIENCE

Kaseya | SaaS Delivery Manager | Jun 2024 - Present

- Manage delivery relationships across 40+ accounts, including service reviews, escalations, retention risks and SLA/KPI performance.
- Coordinate NOC patch governance, exceptions, post-patch communications and corrective actions with technical leads and customers.
- Lead the SDM Intelligence Agent project and automate reporting and customer communications using Power Automate and Office Scripts.

ValuePoint Systems (ATS) | Senior Delivery Manager | Oct 2023 - May 2024

- Managed transitions for three technical projects, stakeholder communications, onboarding and training.
- Tracked SLAs/KPIs, Datto backup status and SSL renewals; established knowledge-transfer practices.

RLabs (SAP) | Associate Manager | Sep 2021 - Sep 2023

- Oversaw SLA metrics, reporting and quality audits across three projects and approximately 90 team members.
- Supported stakeholder management, ServiceNow CMDB and SharePoint knowledge practices.

Teamware (TCS / PwC) | System Engineer | Sep 2018 - Sep 2021

- Supported SailPoint IdentityIQ, SSO, IAM, RSA access processes and ServiceNow incident/CMDB operations.

DXC Technology (Accor) | CSR III | Feb 2016 - Jun 2018

- Resolved application issues across EMEA, APAC and the Americas; mentored colleagues and maintained SLA documentation.

Convergys (NetApp) | CSR II | Feb 2015 - Jun 2016

- Coordinated server equipment inventory, engineer dispatches, appointments and access.

Sutherland (McAfee) | Senior Process Executive | Jun 2014 - Sep 2015

- Troubleshot product compatibility, Citrix/Exchange issues and ServiceNow incident and request workflows.

Infosys BPO (BT) | Process Executive | May 2013 - May 2014

- Supported application and account troubleshooting; received Pride of BT recognition in 2013.

Wintellisys | Freelance Customer Service Administrator | May 2019 - Jul 2020

• Supported Azure AD, Windows Virtual Desktop Manager, Azure host administration and troubleshooting.

SELECTED AI & AUTOMATION PROJECTS

SDM Intelligence Agent (SDIS)

Designed account-aware AI workflows for audit context, escalation history, service risks and recommended next steps, with human review.

Catalyst — Escalation Management

Developed a Go-based escalation management project with account search, prioritization, ownership mapping and AI-assisted summaries.

Operational Intelligence & Patch Reporting

Built Power Automate and Office Scripts workflows converting Datto RMM CSV exports into Excel reporting and partner-facing communications.

Cadence Communication & Audit Workflow

Designed Zoom-to-AI meeting summary and SharePoint audit tracking workflows for consistent customer follow-up.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

• Managing AI Projects: From Strategy to Delivery — Johns Hopkins University (Feb 2026)

• ChatGPT for Project Management: Execution, Tracking, Success — Vanderbilt University (Mar 2026)

• MCP Basics and Advanced Model Context Protocol (MCP) — Anthropic

• Microsoft Azure Fundamentals (AZ-900)

• Datto RMM Certified Administrator; Datto Autotask PSA Certified Administrator; Datto Backup for Microsoft Azure

• Google Project Management and Agile coursework

EDUCATION

Master of Computer Applications (MCA) — Visvesvaraya Technological University | 2013

Bachelor of Computer Applications (BCA) — Bangalore University | 2010
